An attractive number plate

Individually designed cars – with Rameder's chrome number plate holder

Tuning does not always have to involve huge exhausts or glaring paintwork. Small can also be very beautiful. A number plate holder with a base plate and a chrome frame, for example, is a discreet visual highlight on any car. The easily assembled set consists of a chrome-framed base plate and costs no more than EUR 9.95. Order it from **Rameder** at www.rameder.eu.

The non-deforming, top-quality stylish tuning element can be used for all European norm plates (52 cm x 11 cm) and is car-wash-proof. It can easily be affixed to both curved and straight bodies. However, it cannot be used for Austrian or other non-conforming plates!
